GTX LIMITED iS 260

Inject a little octane into your charter experience with our top of the line Sea-Doo GTX Limited iS 260. This is arguably the most sophisticated and innovative personal watercraft in existence. Accommodating up to three passengers, this watercraft boasts nearly 260 horsepower and can reach speeds of 60 mph. Features include an intelligent suspension system, iBR brake lever that allows for quicker stopping and improved control, as well as a high performance variable trim system that allows you to adjust the attitude of the watercraft as you skim across the water. Add it all together and you get the smoothest, most satisfying ride you've ever experienced on the Banderas Bay.
